DETAILED ACTION

Allowable Subject Matter

1. Claims 1-44 are allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The closest prior art of record issued to Hudson fails to teach or suggest a wireless modem as cited in claims 1 and 29, wherein the wireless modem comprising a standard interface as stated within the claims and further includes a core module, wherein this core module is removably secured from the standard wireless modem assembly and the core module includes a radio frequency section configured for interfacing wirelessly to other devices over a wireless communication channel and a baseband section configured for communication between the host device and the other devices, and the core module is configured to communicate with the host device through the standard interface.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Mahany, Rosener et al, and Ovard et al (PTO-892 attached) disclose systems related to wireless modems with different configurations.
